

Theresa
Birthdate:
November, 1994

Theresa is very sweet and kind-hearted young lady. She enjoys outdoor activities like taking walks and spending time with her friends. She enjoys watching television and movies, especially Hannah Montana and the vampire series. Like other teen girls, Theresa likes shopping, clothes and jewelry. She loves to help with the care of the family dog in her foster home. She is very gentle and loving towards animals. Theresa is very artistic and is exceptional at puzzles and arts and crafts. During the last two years, Theresa received several awards for her art work at the school district level and is currently getting national recognition. She is a positive influence for her classmates and is very consistent, doing her home work everyday. Theresa is well-liked by her teachers and classmates. She has an Individualized Education Plan (IEP) to address cognitive delays, but Theresa enjoys learning and loves school.

Theresa will need a family who is patient and willing to help her continue to learn self-care. She responds very well to praise and likes to please others. The adoptive family will need to be an advocate to help her get the necessary services now and into adulthood. She would like to maintain an ongoing relationship with her current foster family.

Theresa has two older sisters with whom she wants to maintain a relationship. She is well-bonded to them and they are supportive of each other. We are also recruiting for an adoptive family for one of the sisters and the agency is open to considering placement of Theresa and this sister together or separate.

Because no one should grow up alone. For more information, contact:
