Message from the Director

Lorain County Children Services is committed to the safety, permanency, and long-term well-being of Lorain County's children and families in decisions made and actions taken. As Executive Director, my goal is to assure the citizens of Lorain County that their Children Services agency is providing the highest quality services to abused and neglected children to support our shared vision and values of safety and success for all families.

LCCS is already doing well, meeting or exceeding many of the challenging federal success metrics and achieving reaccreditation for meeting high national operational and programmatic standards.

Yet there is always room for improvement.

We are excited to introduce our strategic plan aimed at improving our ability to provide the highest quality protection, permanence, assessment, and prevention services to the most vulnerable children and families in our community.

This strategic plan is the result of extensive collaboration and input from community members, staff, and stakeholders who are dedicated to the welfare of our children. It reflects our unwavering commitment to create a safe, nurturing environment where every child can grow and thrive.

We are dedicated to being transparent and accountable in our efforts. Our strategic plan provides a clear roadmap, and we will regularly report on our progress, celebrating our successes and addressing our challenges. Together, we will make a difference in the lives of our children.

In addition to the specific casework and Child/Family Outcome improvements developed by a team of staff and Board members, the agency continues to remain committed to promoting awareness and education of the prevalence of child abuse and neglect in Lorain County and the ways we can collectively respond to it; working hand in hand with local, state, and national policy makers and advocacy groups to assure the right legislation and legal frameworks are in place to support a safety net for every child and family; and to be a good team member with our greatest asset – our community so we can collectively protect our children, support stable families and ensure long term well-being throughout Lorain County.

We invite all community members to familiarize themselves with this strategic plan and actively participate in its implementation. Each one of us plays a crucial role in ensuring the safety and well-being of our children, and together, we can create a brighter future for them.

Thank you for your commitment to our community and our children. Protecting children from abuse and neglect is a team effort and we appreciate being on your team.

Sincerely,

Kristen Fox Berki
Executive Director

Our Mission

In partnership with the community, the staff, foster parents and volunteers of Lorain County Children Services are committed to the safety and well-being of abused, neglected and dependent children and will provide the highest quality protection, permanence and prevention services to children and families.

Our Core Values

We believe children do best in a family / We believe a child should be better off because of our involvement / We believe we should be involved with a child only for as long as needed / We value the child as our client / We value keeping siblings together / We value a diverse and inclusive workspace and respect the diversity and equity needs of the families and children we service / We value maximizing resources to achieve the best outcomes we can for our children timely / We value being a trauma informed agency / We value seeing our children to ensure safety / We value acting with urgency on all reports of abuse and neglect / We value high- expectations for our staff, foster families, and volunteers to accomplish the best outcomes for our children that we can / We value independent and critical thinking / We value that every child deserves to safely grow up in a family where they are valued, protected and have the opportunity for life-long well-being / We value continuous improvement and accept change / We value our collaborative role within the community's safety net for children.

Goal: Safety

All children will be free from abuse or neglect.

Objective 1 *Reduce recurrence of maltreatment from 8.2 % to no more than 7.0% by December 2026.*
