Head Start and Early Head Start

Head Start and Early Head Start are federally funded programs focused on comprehensive child development. LCCAA is Lorain County's only Head Start provider offering center-based, school-based and home-based options.

Head Start serves low-income children ages 3 to 5 and prepares them for kindergarten. Early Head Start supports pregnant women and monitors growing babies for unique needs.

Both programs are designed as a two-generational approach. We support parents with information about important developmental milestones, guidance on family self-sufficiency goals and more.
