Darin and Rosemarie are twins that are looking for a forever family. Could you be that family!!!

Darin is a very sweet, loving little guy. He enjoys playing with his toys, watching TV, swimming and just being outside. Darin likes to be around other children and does well with them. He also likes animals, particularly dogs. Darin is laid back and likes to observe what is

going on around him. Darin is currently involved with speech therapy to help with his speech delays. He is also in counseling to help him deal with his grief and loss.

Rosemarie is a beautiful girl that is outgoing and very charming. She likes playing with her toys and enjoys watching her favorite TV programs. Rosemarie is also an animal lover and enjoys being around dogs. She also has strong opinions at times and appears to be a natural born leader. Rosemarie is developmentally on target and communicates well. She is also in counseling to help her work through her grief and loss.

Darin and Rosemarie are very attached to one another. They need a family who can acknowledge their individual needs and spend time with them separately. Darin and Rosemarie's ideal family is that of two parents. Other children in the home would be OK, but Darin and Rosemarie would need to be the youngest children in the home. The family would also need to be flexible yet structured and able to set clear boundaries. Darin and Rosemarie need a family that is active and can keep the children busy with community activities.

If you are the family that can love and support Rosemarie and Darin as they grow into healthy adults, then I look forward to hearing from you.!
